

COUNTY FAIR TO START JUNE 29; IS LARGEST YET

An imposing array of livestock, flowers, fruits, vegetables, paintings and handicrafts—all the things that will go to make this year's Alameda County Fair the best—began to move into the fairgrounds at Pleasanton this week.

Gates to the 150-acre grounds will open to the public at 10 a.m. Wednesday, June 29, for a 10-day schedule of presentation to county residents of products from ranches and farms, factories, gardens and homes.

A gay fiesta atmosphere already prevails in Pleasanton and surrounding communities, with streets decorated with brightly colored banners and flags proclaiming the forthcoming round of events.

BIG PARADE

Final plans were under way by the Pleasanton Chamber of Commerce Parade Committee for the spectacular procession of more than 700 floats, bands, marching units and mounted groups which will course down the city's tree-shaded streets beginning at 10 a.m. Sunday, July 3.

The fair grounds itself is a beehive of activity, from office workers filing their way out of piles of entry blanks for the numerous feature departments to gardeners and carpenters putting on the last-minute finishing touches on the \$125,000 in new work put into buildings and grounds. These include a mammoth new poultry building, new junior livestock barns, extensive landscaping and establishment of the new "Perkins Park," situated directly in front of the fair's administrative offices and already ablaze with color.

BEAUTIFUL FLOWERS

The Floriculture Building is being currently filled with blooms and blossoms to delight the eyes—and noses—of flower-loving crowds, and agricultural and industrial displays are moving into their areas.

This year's livestock department alone gives promise of being one of the best of the Pacific Coast.

More than \$13,500 in cash premiums will go to the top cattle, sheep and swine entries that have filled the barns to capacity.

Livestock department premiums include \$2,520 in the 28 beef cattle department sections; \$6,840 in the 76 sections of the dairy cattle department; \$1,230 in the sheep department's 30 sections, and \$2,940 in the 70 sections of the swine department.

HORSE SHOW

Equine aristocrats will compete for \$5000 in cash prizes at the big Horse Show scheduled for 1 p.m. Sunday, July 3. In addition to the horse show, always a great crowd-drawer, some \$660 cash will go to the saddle horses vying for top honors in the light horse division to be shown and judged at 10 a.m., Tuesday, July 5.

NILES PROTESTS PHONE BILLING

A request that out-of-town telephone numbers called be listed on telephone bills was sent to the Pacific Telephone and Telegraph Company by the Niles Chamber of Commerce this week.

Chamber members, meeting Tuesday at the International Kitchen, emphasized the difficulty of verifying accuracy of billing under the present method, which lists the towns called but not the telephone numbers.

The practice of listing the numbers was discontinued by the telephone company as an economy measure. Complaints of customers have been numerous since the change, but have resulted in no change of policy by the company.

The Niles Chamber, according to Secretary Vernon Ellsworth, is asking that other township chambers of commerce join in the request.

It was also voted at Tuesday's meeting to ask the county board of supervisors to designate the area in front of the post office as a loading zone, with curb painted yellow, to prevent all-day parking of cars.

COUNTY DISTRICT ATTACKED BY OAKLAND COUNCIL

Politics in a rather low form was projected into the issue of establishing a county-wide water conservation and flood control district at a meeting of the Oakland city council Wednesday.

Deputy City Attorney Kerwin Rooney of Oakland told the council that State Senator Arthur Breed would definitely oppose the measure, passed by the Assembly and now before the Senate, if the incorporated areas of Alameda County are not excluded from the proposed district.

Actually, Senator Breed, according to informed sources, has made no such statement. And the deputy city attorney—after the council meeting—admitted that Breed had not made it.

However, the misquotation of the state senator had this effect: the Oakland city council voted 5 to 3 for amending the water conservation bill to exclude the incorporated cities from the proposed district.

Locally, this move is regarded by supporters of the district as a body-blow. Principal strength of a county-wide district would be in the support of cities of the county helping the rural areas to get federal and state aid for developing new water sources.

In the face of opposition in the cities, the Alameda County Board of Supervisors has been in constant support of the water conservation and flood control district bill. Yesterday the supervisors were considering means of amending the measure, without handicapping its function, to make it acceptable to the cities.

The measure will go to the Senate committee on Local Government next Wednesday. Its fate rests largely on the attitude toward it of Senator Arthur Breed.

LIONS CLUB TO INSTALL TUESDAY

Ralph Goodwin, Centerville accountant, has been elected president of the Centerville Lions Club to succeed Robert L. Moore, deputy sheriff. Installation ceremonies are scheduled for June 28 at a supper affair at the International Kitchen at Niles.

Others elected are Irving Hird of Niles, first vice-president; Edward L. Rose of Irvington, second vice-president; Erle Hygelund of Centerville, secretary-treasurer; Lee Williams of Irvington, lion tamer; Arthur Belshaw of Centerville, tail twister; and LeRoy A. Brown and Harry Weber of Centerville, directors.

INFANT RITES HELD

Funeral rites were held Wednesday from the Berge Mortuary Company in Niles for the infant daughter of Mr. and Mrs. Nathan Anderson of Niles.

Interment was at Santa Clara cemetery.

CENTERVILLE ASKS PLANNING BODY FOR NEW STREET

The Alameda County Planning Commission, leaning heavily on "precedent," this week gave slight encouragement to a delegation of four men who met with them Tuesday at the court house in Oakland to explain the need for extending Stevens Street from Baine to Central Avenues.

Representing the Centerville Chamber at the meeting were Judge Allen G. Norris, Dallas Paul, Manuel Lewis and Allan Walton.

The delegation told the commissioners that the county should build the extension of Stevens Street from Baine Avenue to Central Avenue in order to provide a second business arterial for the community.

The safety factor is being urged by the Chamber in its appeals to the county, based on the fact that Main Street is a state highway with the attending hazards of crosswalks, parking, turning at intersections and bus and truck loading zones.

A second street would not only eliminate congested traffic on the highway to some extent but would make possible "around the block" traffic, less hazardous than present conditions.

DANCE TO BOOST QUEEN CONTEST

A "last chance" to campaign for election to the title of Queen of the Alameda County Fair, June 29 through July 9, will go to contestants at a dance and celebration to be held by Pleasanton Post No. 237, American Legion, at 9 p.m. Friday.

Sale of tickets to the spectacular "Cavalcade" stage production, by which the queen's election will be determined, may be made at the dance.

The affair, to be held at the Pleasanton Veterans Memorial Building, will feature music by Wally Pettit and his orchestra. Results to date of the hotly-contested queen race were announced by Joe M. Rose Jr., chairman of the Alameda County Farm Bureau-sponsored contest.

Running in second place is Elvamae Rose, backed by the Eden Washington Farm Bureau Center, with 125,405 votes. Norma Andrade of Pleasanton is in first with 136,440 votes; and Barbara Archer of Livermore is third with 122,580 votes.

IN NEWARK

GRADUATION PARTY

Mr. and Mrs. William Nunes of Thornton Avenue entertained a few friends on Wednesday evening, June 15, in honor of their daughter, Beverly's graduation from the Newark elementary school.

The colors gold and white were carried out in the decorating scheme throughout the house. There was a gold and white cloth on the dining table, which had a white floral arrangement as a centerpiece, flanked by gold candles in crystal candlesticks.

Among the guests were out-of-town Mrs. Clara Nutall, Miss Clarice Nutall and Mr. Horace Nutall, all of Los Altos; Mr. and Mrs. Frank Serpa of Niles; and Mr. and Mrs. Ed Kettman Sr. and daughters Nancy and Joanne, Mrs. Bud Kettman and Jill, Mrs. John Freitas, Miss Helen Elaine Fontes, Mr. and Mrs. Tony Maciel and Linda, and Beverly's brother, Buddy.

The graduate received a handsome wrist watch, studded with diamonds as a graduation gift from her parents.

HIGH SCHOOL SCOUTS

The high school Girl Scouts, a newly organized group of girls under the leadership of Mrs. Don Wolfe, spent Monday in Santa Cruz. Those from Newark who attended were Emily Jane Scott, Joanne Lewis, and Barbara Johnson.

YOUNGSTERS COMPETE IN COASTER RACES

DADS AND EVERYBODY HAD LOTS OF FUN

Kids of all ages had the time of their lives last Sunday at Hidden Valley when the Newark Chamber of Commerce put on its first annual coaster derby. Thirty-eight boys—and one girl—handled their midget racers with all the nerve of professionals.

And those too old to drive—officials and spectators alike—obviously regarded the young speedsters with jealousy. In fact, after the races were over, a couple of dads squeezed themselves into the soapbox cars and had themselves a race. But they weren't nearly so good as the kids.

A crowd of about 400 witnessed the contests, which started at 10 in the morning and lasted until mid-afternoon. Officials took every precaution to assure fairness. On

one occasion the steering apparatus of a car broke at the end of a time-trial. Too many grown-up mechanics helped hook things up again. In the next race event when the little driver turned left the car went right, and vice-versa! The difficulty was straightened out and the youngster won the next trial.

Champion driver turned out to be young Dallas C. Paul Jr. with Donald Aguiar of Warm Springs second and Robert Silveira of Centerville third.

General chairman of the event for the Chamber of Commerce was Donald Dias, assisted by Harry Houston, Vincent Kaehler and Bill Kelly. Judges were William Siegel, Ed Bimemiller and Gordon Cotton, chamber president.

LOCAL HIGH SCHOOL GRADUATE MEETS DEATH IN ACCIDENT AT MILPITAS

On Thursday night he was a jubilant 18-year-old, receiving his diploma with the rest of the graduating class at Washington Union High School. The following Monday he was dead.

That is the fate of Alex Patrick Morris who received fatal injuries in an auto accident which occurred two miles north of Milpitas on the Oakland Highway last Sunday. He was taken to Community Service Hospital, but died Monday afternoon.

Young Morris was the son of former township residents who had moved to Hollister three months ago. He remained in the township to complete his schooling.

CARPENTERS TO PICNIC

Members of the Carpenters Union, Local 1622, and their families and friends, will picnic at Linda Vista on Saturday, June 25, according to M. Belding of Irvington, vice-chairman of the committee in charge. There will be fun all day, with games, races and refreshments—and lots of prizes.

ELVAMAE ROSE, candidate for queen of the Alameda County Fair, this week moved from third to second place in the contest.

DELEGATION ASKS STATE FOR FUNDS

A delegation consisting of Supervisor Chester E. Stanley, Director Jack Prouty of the Alameda County Water District, and District Engineer H. H. Harrold were in Sacramento Tuesday to consult with Senator Arthur Breed Jr. on obtaining state matching funds to finance a survey of the Southern Alameda County watersheds.

Breed advised the men that he believes the funds may be granted by the state. Approximately \$10,000 of state money is needed, which would be matched by Alameda County.

NEWARK CHAMBER HEARS ABOUT HETCHY WATER

The proposal of directors of the Alameda County Water District to discontinue distribution of well water and to change over its entire system to Hetch-Hetchy water was explained to members of the Newark Chamber of Commerce Tuesday evening.

District President W. D. Patterson and Dr. E. M. Grimmer, director, explained the advantages of the "soft" Hetch-Hetchy water over "hard" well water in household use.

'SOFT' WATER BETTER

Patterson explained that the proposal is not necessarily in the interest of conservation, inasmuch as only a relatively small amount of water is used for domestic purposes.

Soft water, Dr. Grimmer stated, is more healthful, saves soap, and is better for laundering.

Consumers of the district would have to pay 7 cents additional per 100 cubic feet for the Hetch-Hetchy water.

At present both Irvington and Mission San Jose are getting this water on an experimental basis.

HELP SCOUTS

Cash donations to the Newark Boy Scouts and a proposed baseball team for boys aged 10 to 16 years were voted by the Chamber.

President Gordon Cotton instructed Chester Gunn, chairman of youth activities committee, to consider further help to the proposal to form the baseball club and to present a recommendation to the Chamber at its July meeting.

CHOIR CONCERT THIS SUNDAY

In place of the usual 11 o'clock service at St. James Episcopal Church in Centerville Sunday, June 28, there will be a concert by the choir at that time, together with a short service.

The choir has been under the capable direction of Mr. Harold Melling of Oakland for the past six months.

Mrs. Melling is the former Gertrude Chandler Smith of Centerville.

This will be the last appearance of the choir until September.

The public is invited to attend.

FUTURE FARMERS' FAIR EXHIBITS

Eighteen Future Farmers of Washington Township will exhibit livestock, poultry and crops at the Alameda County Fair at Pleasanton, June 29 through July 9. The F.F.A. exhibits will be placed at the fair on July 4 following use of space by 4-H Clubs.

The local chapter of F.F.A. will also enter a booth in the Junior building to compete with chapters from Pleasanton, Livermore and Hayward, for the \$60 cash prize, according to Jed Oxborrow, agricultural director at the Washington high school.

Boys who are to exhibit dairy and beef cattle, sheep, hogs, poultry and crops at the fair will include the following: Albert Fries, Vernon De Valle, Arnold Silva, Marcus Galvan, Ernest Kinzli, Bill Dobyns, Bill Emmett, Robert Lofton, Frank Hermosa, Salvador Carrillo, Tommy Gualco, Ano Carpentio, Joe Perry, John Coelho, Norman Goossen, Ed Estacio, Vincent Wallace and James Sikigahama.

REBER COMMITTEE SEEKS ENGINEERING STUDY OF PLAN

Appointment of eight committeemen to cultivate public support of a move to induce the federal government to study the water conservation aspects of the Reber Plan was announced this week by Bruce E. Michael of Warm Springs. Michael is chairman of the Washington Township unit of the San Francisco Bay Project.

Appointed were:

Jack Prouty, Mission San Jose; George Smith, Decoto; Charles Venturi, Warm Springs; T. P. Harvey, Alvarado; Louis Amaral, Alviso district; Franklin Brown, Newark; John Stevenson, Centerville; Tom Byrne, Irvington.

The appointments were made at a meeting Monday evening attended by 20 persons at Washington Union High School. The local unit of the Reber Plan organization was established recently.

Chairman Michael, an Irvington farmer with 2½ years of residence in Washington Township, spoke to the Irvington Chamber of Commerce Tuesday noon. He stated that those who have faith in the Reber Plan as a solution to water difficulties in the bay area are asking that the federal government make an engineering study of the plan to determine once and for all if it will work.

The present activity, he stated, is not to promote the plan's adoption as a water problem solution, but simply to obtain thorough engineering study.

In past years there have been many conflicting engineering opinions concerning the Reber Plan. None of these has been of a magnitude to convince either opponents or proponents of the plan's practicability.

The committeemen appointed Monday will work individually in their various districts to encourage public interest in the plan and bring to bear pressure for full engineering investigation of it.

A 'CLEAN SWEEP' AT NILES SCOUT HUT

The Star Spangled Banner will be seen waving over Niles from a new direction following the donation last Wednesday by L. L. Lewis of a 40-foot flag pole to the Niles Boy Scouts. The pole was installed at the Scout Hut by Lewis, Fred Duffie, Beverly Bunting and W. F. Lamoreux.

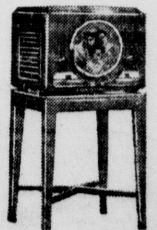

The Scout Hut is also in for a "clean sweep" from now on, as Lewis also donated two new brooms.

No excuses, now, boys!

VACATION SCHOOL AT CENTERVILLE

The Daily Vacation Bible School, sponsored by the Episcopal and Presbyterian Churches of Centerville, began Monday, with 30 children in four classes. It will continue until July 1, the hours being 9-11:30 Monday through Friday.

TOWNSHIP TEAM LOSES TO ALBANY

Washington Township Junior American Legion baseball team lost its third straight league game in a row to Bud Campbell's Post, who hail from Albany. They dropped the pitchers duel 4-2 last Saturday afternoon in a game played at Centerville.

This loss takes the home team out of the running with 2 wins against 4 losses.

The winning pitcher was Ball, tall right hander for the Albany team. Ball didn't walk any, struck out 8, and allowed 8 hits to Township batters.

The losing pitcher was Gene Bramwell, who lasted the full nine innings. He walked 2, struck out 3, and allowed but 5 hits.

The Albany team scored the first run of the ball game in the fifth inning on 2 hits. The visitors scored 2 again in the seventh, and followed up with a run in the eighth.

The Township team scored their only 2 runs in the seventh on 2 singles by Juhl and Bettencourt.

Garcia and Nieves were the leading hitters for the home team, with each getting 2 hits for 4 trips to the plate.

TOWNSHIP TEAM FORFEITS GAME TO CAMPANILE

By RALPH JUHL

The Washington Township Junior American Legion baseball team forfeited their game with the Campanile Post in the seventh inning, at a game played last Sunday afternoon at John Kenny Park in Berkeley.

The trouble first started in the first inning when Malone, Campanile pitcher, hit a fly ball over the short right field fence, for which the ground rules called a two bagger. The umpire behind the plate yelled foul ball and it was at least 20 feet inside. After much arguing by the Campanile coach and the base umpire, the umpire behind the plate reversed his decision and called it fair ball.

Then in the seventh, Juhl hit a ball that went straight down at home plate and bounced high in the air. The Campanile pitcher caught the ball and threw the batter out, but the umpire called it a foul ball. After much arguing by the Campanile coach and the base umpire, the umpire behind the plate again reversed his decision and called it fair ball.

The home team took this on the chin and went out on the field. Then George Pagan, home team catcher, said something to the umpire for which he called him out of the game. This was too much for Coach Hird and he called his men off the field.

The winning pitcher was Malone, right handed chucker for Berkeley. He walked 1, struck out 4, and allowed 4 runs on 7 hits.

The leading hitter for the home team was Ray Berrios, who got three singles in four trips to the plate.

The Township team plays their last game tomorrow on the Centerville diamond.

Colgate is fifth plant added to the system in thirteen months

There's new power pouring from the Yuba River today... 40,200 horsepower. A few days ago the tumbling Yuba waters began spinning the generator in P.G. and E.'s new Colgate plant built to replace the pioneer Colgate unit that first supplied Oakland with electricity half a century ago. Colgate is just one of the many powerhouses

...completed or building... in P.G. and E.'s postwar expansion program, which is adding nearly two million horsepower in new generating capacity to our system. In the past thirteen months alone this program has paid big power dividends... a total of almost 600,000 horsepower from five new major plants. In addition to Colgate, they are:

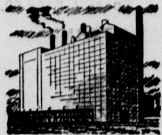

Kern Steam Plant, near Bakersfield, began turning out 101,000 horsepower for California in May, 1948.

Electra Powerhouse, on the Mokelumne River, 133,000 horsepower, came on the line in July, 1948.

Mr. and Mrs. Frank Scorpiniti and sons spent last week-end at Monterey and Big Sur with relatives. An enjoyable time was had by all and admitted the trip should be taken again soon.

GRADUATION LAWN PARTY

A large lawn party was given last Thursday night for Daisy Borghi, daughter of Mr. and Mrs. Franco Borghi of Santa Clara, when she graduated from the local high school there. Many guests attended including Mrs. Bessie Borghi and sons, "Hank" and Frank, and Mrs. Louisa Borghi. Swimming, dancing and tennis were included in the evening's recreation. Daisy expects to enter the University of California together with her sister, Louise, who attended one year at the Dominican School at San Rafael.

On Friday afternoon Mrs. Borghi and son, Frank, Mr. and Mrs. Franco Borghi and daughters, Mr. and Mrs. J. Faletti, Duke Benovich, and Albert Garaventi attended the graduation exercises at the University of California at Berkeley where Henry "Hank" Borghi received his Bachelor of Arts Degree in chemistry. The graduating class, the largest in the history of the University of California, held its exercises at Edwards' Field where an audience of thousands witnessed the 86th commencement. "Hank" was among the 7700 that graduated.

After the graduation exercises and congratulations, a dinner was held at the Villa de la Paix in Oakland. "Hank" then attended the formal dance given for the graduates in Berkeley. Many lovely gifts were received. "Hank" is a Washington High School graduate and was the only football player that graduated from the local high school to play at the Rose Bowl. This game was played last New Year's Day with Northwestern University. He entered University of California under the V-12 course and later was commissioned an ensign in the Navy and assigned to a destroyed during the war.

HAIL THE FIREMEN
The Decoto Firemen again were called to duty last Saturday at the shooting range on the Niles-Hayward Highway. The quickness of the firemen prevented the fire from spreading into the hay field. The fire was started by just a grass fire.

JANIS AND JENICE COMFORT—Stinhilber Photo

Janis and Jenice Comfort, twin daughters of Mr. and Mrs. Keith Comfort of Niles, will be a year old on July 7. Though they seem a little solemn, they are really a happy-go-lucky pair, just a little bit bewildered at the moment by the camera and the cameraman.

The twins have an older sister, two-and-a-half year old Floreine Gaye, who is a natural when it comes to entertaining. Just let her hear a musical number and she starts to dance and sing, much to the delight and fascination of the twins, who look at their "big" sister with wonder and adoration. When she isn't around, they find each other very companionable, and will play by the hour in a perfectly contented manner.

Their mother attributes their very good disposition to the fact that she hasn't had time to spoil them with too much attention. Who would—with three little ones to care for!

The twins, curly-haired and blue-eyed, have an almost uncanny aptitude for doing everything new only 10 days apart. If one has a tooth, the other one will blossom out with a tooth ten days later. If one learns a new word, the other one will be saying the same word only ten days later. Though they aren't walking, their mother feels certain that one will start walking

just ten days ahead of the other one! Their grandparents are Mr. and Mrs. George Rose of Niles, and Mr. and Mrs. Robert Comfort of Santa Cruz.

SALLY MAYOCK BECOMES BRIDE AT CHURCH WEDDING IN CENTERVILLE

A pre-nuptial whirl which kept Sally Mayock busy for several weeks came to an end last Wednesday evening with her marriage to Hollis Hartley, the 8 o'clock ceremony taking place in St. James Episcopal Church in Centerville.

Later, 150 guests motored to Los Amigos, the Mayock ranch home in Mission San Jose, to felicitate the justweds, who have departed for the south for a week's honeymoon.

Magnolias, combined with white tapers, were used in the church decorations, the arrangements being done by Mrs. George Rooding Jr.

The bride, a graduate of Mills College, was attended by five young maids, all frocked alike in white organdy over yellow taffeta slips, with daisy headwreaths as their hair ornaments. They carried old-fashioned bouquets of white daisies.

The maid of honor was Clara Brinkley of Seattle, and the bridesmaids were Helen Rowan, Washington, D. C., Elaine Amerine of Modesto, Elaine Younglove of Springfield, Mass., and Mrs. Richard Reedy of Avenal.

Walking into the sanctuary with her uncle, Mr. Welburn Mayock,

the bride made a striking picture in a white marquisette gown with long train. The tiered skirt was fashioned with embroidered insets. The veil fell from a Juliette cap, of seed pearls, and she carried a white prayer book and a marker of white orchids and stephanotis.

Dean Smith of Mesa, Arizona, was best man and the ushers were the bridegroom's fraternity brothers, Edward Scoyen and William Perkins, and the bride's brothers, Douglas and Robert Stoney Mayock.

Penne Omara, wearing white organdy and carrying a basket of white stock, was the flower girl. Mrs. Robert Mayock, the bride's mother, was in navy blue taffeta and lace. She wore a Spanish mantilla as her headdress and her corsage was of orchids.

Mrs. Hartley, the bridegroom's mother, chose a toast crepe frock with matching hat of net. Her corsage was also of orchids.

Officiating at the ceremony were Dr. George Hedley, dean of the Chapel at Mills College, who assisted the Rev. Mark Rifenbark of Trinity Episcopal Church of San Jose, in the absence of the Rev. Arthur Freeman, who is ill.

BRUNELLI-PLUMMER RITES AT HIGH NUPTIAL MASS IN NILES

With an apartment in Centerville awaiting their return, Mr. Don Plummer and his bride, the former Marjorie Brunelli of Niles, are honeymooning at Lake Louise in Canada, following their Sunday marriage at a high nuptial mass at Corpus Christi Church in Niles.

Rev. Timothy Hennessy officiated at the ceremony in a setting that included Esther Reed daisies and white gladioli, and bouquets of Marguerite daisies at every other pew. The altar was decorated by Mmes. Flora Silva, Lena Brunelli and Lillian O'Connor.

The bride wore white organza, and the same material was used to make the Tudor headdress for her wedding veil of French illusion. Her gown was fashioned entrain with a tight bodice, and bouffant skirt. She carried rosary beads and a bouquet of Marguerites.

The matron of honor, Mrs. Lu-

cretia Smith, and the bridesmaid, Mrs. Beatrice Oliveira, were dressed alike in ankle-length frocks made of white organza, embroidered in green polka-dots and tied with a green velvet sash. They wore wreaths of Marguerites in their hair, and carried baskets of the same flowers.

Mr. Romeo Brunelli escorted his daughter to the altar. Her mother wore a printed silk suit dress, with black accessories and a white orchid.

Mrs. Clarence Crane supplied the organ music, and the choir and Mrs. Rose Vieux, soloist, furnished the vocal selections.

Doing best man honors was Mr. Jack Smith, and Richard Brunelli performed ushering duties.

A reception was held at the International Kitchen for 150 guests, after which the young couple left on their honeymoon in a brand new car given to them by the bride's father.

Dinner Guests

Mr. and Mrs. Fred Duffie will have as their dinner guests this Sunday, her brother, Henry Kohlberg and his wife, and Russel Jones.

Vacation Trip

Mr. and Mrs. Tom Robbins and Richard and Larry will leave tomorrow (Saturday) for a ten-day vacation camping trip to Bass and Huntington Lakes.

Alma and Rosie Clark will leave for Colorado Springs on Saturday. Traveling by train, they expect to arrive on Monday at the home of their grandparents where they will stay for the summer.

The party was hosted by Mr. and Mrs. Frank Horat of Centerville whose daughter, Lee, announced her engagement to Clayton George. Clayton's mother, Mrs. Frank George, assisted as hostess.

The young couple made the announcement by together cutting a large cake, decorated with two red hearts and lettered with "Clayton and Lee."

NICE TRIP

How would you like to have a nice trip through the Concanon Winery at Livermore? That is what the Alameda County Postmasters enjoyed on Wednesday afternoon with host Postmaster Bill McKinnon of that town leading the way. Some of the postmasters were not able to get to the afternoon's activities but a full house was present at the very delectable dinner of steaks served at the Golden Rule Creamery. The secretary, Postmaster Ford Samuels read the minutes of the very first meeting of the organization in May of 1946 and it was held in Livermore with host Postmaster Bill McKinnon, who was the first president of the association. The

graduation evening following the exercises at Washington Union High, several parties were given in honor of the graduates. The home of the Larry Medeiros' was gay with Laura Mae as guest of honor for completing her high school education, and now we are wondering, is a wedding in sight?

HONOR GRADS

Weezer (Clarence) Fernandez, son of Mrs. Josephine Chambers, was also given a party with friends and relatives dropping in to wish him luck and enjoy refreshments.

DINNER GUESTS

Mr. and Mrs. Glenn Bottenberg and mother, Mrs. Elsie Wilcox, were dinner guests on Friday evening at the home of Mr. and Mrs. Floyd Cross and family of Redwood City.

ALFALFA PASTURE MEETING SUBJECT

At this time of the year green pastures on dry land look good to any livestock man, says Walter H. Johnson, assistant farm advisor.

Tests carried out in Alameda County by the Agricultural Extension Service in cooperation with local farmers have shown that green pastures are possible and practical in many areas of Alameda County.

A meeting will be held on Tuesday morning, June 28, at 10 o'clock on the John Coelho Ranch, one mile south of Mission San Jose on Route 9. Mr. Coelho seeded alfalfa on this land in the winter of 1947-48, and several more varieties were seeded by the Agricultural Extension Service in the winter of 1948-49. Mr. Coelho now has a fine summer pasture, with an excellent crop of hay already produced. Stockmen are urged to come and see for themselves.

NECONA THETA RHO HAS BARBECUE

The regular meeting of Necona Theta Rho Girls Club was held on the evening of June 20 at which time several projects were discussed.

The girls made definite plans for a barbecue to be held today at the home of Mrs. Irene Bales of Irvington.

A whist party is planned for Thursday, June 30, at the I.O.O.F. Hall in Irvington. An admission charge of 50 cents will be asked for an evening of games and refreshments.

During the meeting a gift was presented by the club to the new advisor, Mrs. Edna Heschler.

evening was spent in reviewing the highlights of the recent convention held in Santa Barbara and many interesting facts were brought to light. Fourth Vice-president of the State Association, our own Ed Enos of Niles, gave a few words of appreciation for the way Alameda County has stood behind him and with luck he will become state president in a few years. The July meeting will be held with Postmaster Manuel Lewis of Centerville doing the honors.

IS THE REBER PLAN SOUND?

Ever since we first heard about it several years ago, we've been wondering if the Reber Plan would work. There is no question but that, in theory, it seems almost miraculous in its possibilities. And a good many of its proponents argue for it with religious zeal.

However, there are many opposing arguments. Some of these, expressed by engineers of good reputation, seem sound and arouse doubts as to the practicability of the theory.

A move is now under way to organize public opinion in support of an unbiased engineering study of the Reber Plan by the federal government as a water conservation measure. Committees are being organized to press for such a study.

We believe this is the most sensible program yet undertaken by Reber Plan proponents. The inquiry made into the merits of the plan by the Army-Navy board engineers was concerned chiefly with transportation possibilities. Water is of greater concern to counties bordering on San Francisco Bay. And a study of the Reber Plan as a means of correcting our gradually worsening water shortage is urgent.

We need to know if the Reber Plan

is practicable. If it is, then it should be undertaken as soon as possible. If it proves only a dream, then we can wake up and give all our efforts to some other means of developing adequate water supply.

AN EXCEPTION TO THE RULE

Everyone in Centerville who is concerned with traffic safety and convenience agrees that Stevens Street should be extended east across the S.P. tracks to connect with Central Avenue. The Centerville Chamber of Commerce spent \$500 for a survey of the proposed extension, and has asked the Alameda County Planning Commission to recommend the project to the Board of Supervisors.

It seems, however, that the one unbreakable rule of government in Alameda County is "precedent." The county does not build new streets. New streets can only be built by subdividers, to be turned over to the county for maintenance. This is the rule.

In most cases, this is a sound rule. It saves the taxpayers money, and it puts the cost of street work on the property owners who will use the street.

However, owners of property east of Stevens Street are not interested in subdividing. They are not the ones who would use the street. To them, the new street would not be worth what it would cost; otherwise they would construct it themselves.

The people who want Stevens Street extended live across the tracks. They need it so that they can go from one side of town to the other without the danger of driving onto the busy state highway that serves as the town's main street.

If public need be considered, there is no argument against use of county funds to build the proposed extension. It is clearly an exception to the rule of precedent.

We went to the press preview of the National Auto Show being held at the Exposition building in Oakland this week.

The press is issued this special invitation, of course, so that the newspapers can give a first-hand account of it to the public.

I'll be glad to give a first-hand account.

We entered the building after we had shown our engraved invitation to the door attendant, to be met by a tall imposing figure who was obviously a hostess. She was wearing an orchid corsage and one of those mechanical smiles you see on the faces of hostesses in any public place.

"Right over there," she said, waving us towards a mob of people that looked for all the world like a mammoth football huddle.

"That must be SOME car," said my husband, "to attract all that mob. We've got to get over to see it."

"That we must," I agreed, filled with determination to do my best for our readers at home waiting for a report of this swank affair.

I took a deep breath and entered the foyer. Perhaps I should say entered the ring. First there was a quick jab to my right eye with an elbow; now a short jab to my left foot with a spike heel; now a left, now a right—all in the area of my solar plexus.

"Do we have to go through with this thing?" I begged my husband, as I pushed onward.

"Yeah," he said grimly. "Remember our readers. We've got to report on it. But," he added sympathetically, "I'd better go on alone. You're beginning to show wear and tear. Wipe that perspiration off your forehead, and your hat looks kind of funny cocked over your ear that way."

"No, I'll not turn back," I said, gritting my teeth with renewed determination. "This is my job, too. I'll stick with it."

I took the next round with neat lefts and rights with my elbow. Then someone countered with a swift jab to my mid-riff. "Water, water!" I gasped. "I need water."

"We have no water here, madam," said a man with a white coat. He regarded me with obvious distaste. Then I realized that we had at last reached the center of this mob. They were all leaning over a railing, but they were not looking at any car. Their eyes were intent on the man with the white coat, and another man in similar garb who were performing sleight-of-hand with cubes of ice, glasses, and bottles with pictures of four roses.

We finally got out of that particular mob, then another hostess stepped forward and propelled me towards another mob. "Have you had one of these?" she asked. "They are very good." She pointed to a table on which there was an array of tiny open-face sandwiches.

"Really," I said, munching on a concoction of caviar and chopped egg, "this show isn't bad at all." Everybody was very convivial and very friendly. One man said

P. G. & E. LAYING 30-INCH PIPELINE THROUGH TOWNSHIP

Construction is under way on a \$3,000,000 high-pressure natural gas transmission line which will nearly double the gas pipe line capacity into Oakland, William H. Park, East Bay division manager of Pacific Gas and Electric Company, announced this week.

A contractor's construction crew is working north from Irvington with trenching machines and other equipment on the first section of the line. Nineteen miles of 30-inch pipe will be laid from P. G. and E.'s gas control station on Lloyd Road southeast of Irvington to Davis Street, San Leandro.

From San Leandro 10 miles of 24-inch main will be laid to the company's gas holder and compressor station on Fifteenth Avenue and Clement Street, East Oakland, and on to Station "B" gas plant at First and Market Streets on the Oakland Estuary.

The new line will be the third main transmission line serving Oakland and the East Bay metropolitan area, Park said.

The East Bay now is served by a 20-inch transmission main from Irvington to Oakland which receives its gas supply through mains to the company's Milpitas metering station from the Rio Vista and Tracy gas fields. A second 20-inch main from San Pablo to Oakland receives its supply from the Standard-Pacific gas line, which draws gas from Kettleman Hills, Rio Vista and other San Joaquin Valley gas fields.

SUPER INCH LINE
The new 30-inch main from Irvington ultimately will be a link in supplying Oakland and the East Bay from the 1600-mile "Super Inch" gas transmission system to be built by P. G. and E. and the El Paso Natural Gas Company of Texas at a total cost of \$150,000,000. This will bring additional supplies of natural gas to Northern California from fields in Texas and New Mexico.

P. G. and E.'s 506-mile segment of this system, a giant 34-inch line from Milpitas to Topoc on the Colorado River south of Needles, will be the largest diameter pipeline in the world for high-pressure transmission of gas.

AT SUMMER SCHOOL

Three Niles school teachers are commuting to San Francisco these days to take advantage of the classes offered at the summer session of San Francisco State College. They are Miss Gertrude Keller, Mrs. Joseph Enos and Mrs. Ben Murphy.

to me, "Swell show, isn't it?" "Yes," I replied. "Have you seen the autos?"

"Autos!" he exclaimed, looking at me queerly. He took a quick gulp from his glass and left hurriedly. Somehow I felt I had made a faux pas.

We finally got around to the autos. They looked a little desolate over there all by themselves.

I said to one of the hostesses: "At the next auto preview, why don't they leave the autos outside? Then they'd have more room for more reporters and more ice cubes, and more caviar!"

"A splendid ideal!" she said heartily.

Say you saw it in The Register.

FARM CENTER GIVES BOOST TO CANDIDATE

Elvamae Rose, queen candidate of the Alameda County Fair, received official endorsement of the Washington-Eden Farm Center at a record turn-out of members last Tuesday at the high school. Miss Rose, who had already been endorsed by the executive committee of the Farm Center, is now running in second place in the queen contest.

The Center purchased 30 tickets to the Cavalcade in her name, thus increasing her votes. The tickets are to be donated to the girls at St. Mary's of the Palms School in Mission San Jose.

After the business of the evening was conducted, the 125 members present enjoyed a program which was emceed by Lester Gomes, who also sang. Margaret Gemignani played accordion selections, as did

OFFICIAL VISIT PAID ST. JUDE'S

Miss Gertrude Mozzetti, district deputy of the Y.L.I., made her official visit to St. Jude Institute, Irvington, Tuesday evening, June 14.

Guests of the evening were Father Reardon, District Deputy Gertrude Mozzetti, Institute Deputy Elmina Martins, and visiting sisters from DeGuadalupe Institute, Niles.

Preceding the business meeting, a program was enjoyed with vocal

solos by Robert Lizardo, accompanied by Margaret Williams.

The following three new members were initiated into the institute: Margaret Williams, Dolores Santos and Doris Rego. Since it was Flag Day, the decorations were carried out in red, white and blue. Mae Avila was chairman of the evening. Committee members were Elsie Rogers, Emily Smith and Irma Marks.

The past year's bride was Mae Soito who was presented with a gift from the institute.

Plans were discussed for the installation to be held in July and Gertrude Mozzetti was appointed chairman of the evening. Elected to attend the convention in San Jose as delegate was Bertha Rose, with Beatrice Enos as alternate.

SOUTHERN VACATION

Jimmie George of the Centerville post office staff, and Bill Gould of Newark spent a week vacationing in Southern California and Mexico. They took in Ken Murray's Black Outs, Take It or Leave it, and saw Russ Morgan at the Paladium. One feature of their trip included a visit to beautiful Catalina Island. Mexico also proved very interesting to them and browsing in the various shops collected many souvenirs. Both enjoyed their trip very much, arriving home on Saturday evening.

OPEN HOUSE

The George Silveira residence on Thornton Avenue was the scene of open house in honor of their daughter, Dolly, who graduated from Washington High School on Thursday evening. A great number of relatives and friends showered her with lovely gifts. Refreshments were served buffet style. A most delightful evening was spent. Miss Silveira will enter San Jose State in the fall.

BOBBY CALDIERA HONORED

Bobby Caldiera, son of Mr. and Mrs. Joseph Caldiera of Thornton Avenue, graduated on Friday from the Centerville Elementary School, and was honored with a party at his home.
